Prizes enumerated in this circular are offered to stimulate and further interest in 4-H Club. Club members, local leaders and extension workers of Nebraska appreciate this encouragement offered, and wish to express their appreciation to the donors of the various prizes.

Who Can Compete?

Club members issued a Certificate of Achievement, provided a story of their club activities is filed with their final report, and local leaders issued an Award of Appreciation during the club year 1932 are eligible to compete. Individuals cannot be awarded the same trip or prize more than once.

When Selected?

All final reports must be in the office of the State Club Leader by September 15 for the National Dairy Show trip; by October 15 to compete for Chicago trips and by December 1st to compete for other prizes announced in this circular.

How Many?

If a club member wins more than one prize trip or scholarship, offered in this circular, he or she will be given choice, and then the other prizes will be passed to the next ranking individuals in the project. In case of tie between counties, the award will be given to the county with the higher percentage of completion of club members.

How Selected?

In selecting state winners, a committee will pass upon the records submitted from the counties. All will submit their records on the report entitled "Achievement Report of 4-H Members". The same methods are recommended for selection of club and county champions. If the club member's record and story does not carry complete information as to the club member's activities, this information should be added by agent or leader.

Substitution?

If the individual to whom the awards in this circular are made available fails to respond to inquiries or give definite information when requested, or uses the award, the prize will be passed on to the next ranking individual.
